Recommendation Letter

To Whom This May Concern,

I, Luis Figuera, am proud to offer my recommendation of María Virginia Figuera Lozada to whom I have personally known and I have been supporting as technical mentor during her studies at the Faculty of Sciences in Venezuela.

María Figuera holds a Bachelor's degree in Geochemistry and she is currently finishing her postgraduate study in Ecohydrology at Plata's University in Argentina. Within the period of her studies, she has shown herself as a disciplined, responsible, reliable and conscientious student with comprehensive knowledge in different areas. Overall, her steady academic background, outstanding personal qualities and practical experience allowed her to contribute to the chosen program sharing her expertise and original approach to different issues.

In conclusion, María Figuera is a very gifted student. I would highly recommend her without reservation, for the position

Please do not hesitate to contact me if you should require any further information.

Best regards,

Luis Figuera, Msc, MBA
Reservoir Engineering Manager at Mubadala Petroleum
